

# MARY KAY<sup>®</sup>

# ORDER OF APPLICATION CHART

## Mary Kay<sup>®</sup> Skincare Regimens and Special Solutions

Hello, beautiful! Welcome to skin care made simple. When it comes to applying products effectively, a great rule is to organize your regimen based on the weight of the formula. The lightest products such as toners and serums are applied first, and heavier formulas such as moisturizers and eye creams follow. Use this product application chart to help determine the correct order in which your skin care products should be applied. This ensures your skin is receiving the maximum benefit of each product!

## MARY KAY<sup>®</sup> SKIN CARE REGIMEN STEPS

To get the most out of your skin care, check off each product that is part of your routine to discover your ideal order of application.
